VOL. LIX: No. 47. REDWOOD CITY, CALIFORNIA, SATURDAY, FEBRUARY 21, 1920 ESTABLISHED 1859

MISS WOODHAMS MARRIED THIS TO MR. A. STEWART

A very pretty wedding was solemnized at the Congregational church on Thursday evening when Miss Florence Ethel Woodhams and Andrew Stewart were united in marriage. The edifice was beautifully decorated with smilax, cut flowers and exotics. A large bell hung from the ceiling at the end of the church. Under it the bride and groom stood, they giving their responses to the questions of the clergyman, the groom in a dignified manner and the bride in sweet womanly tones. The ring was placed on the finger of the bride and "two hearts beat as one."

The impressive ceremony was performed by Rev. C. H. Stevens. J. B. Dobson of Oakland was the groom's best man while Miss Helen Corwin attended the pretty bride. Miss Ethel Dodge was the organist. Miss Wilbur Doxsee during the ceremony sweetly sang "I Truly Love You." Lewis Uhlenberg and Willit Blom quist acted as ushers.

The edifice was crowded with friends of the young people which attested their popularity in this community. After the ceremony the bridal party repaired to the home of Mr. and Mrs. Woodhams, the parents of the bride, on Washington street where the wedding supper was served Late in the evening the young couple departed for San Francisco. At the conclusion of the honeymoon the young people will reside in Petaluma where Mr. Stewart is employed by the Union Oil company.

The charming bride is a Redwood City girl, having come here with her parents when a small girl. She is a graduate of the local high school, and is a young woman of high ideals, is refined and accomplished.

Mr. Stewart has resided here since boyhood. He was one of the first Redwood boys to go to Camp Lewis from here to train. He was not there long when he was sent to France where he remained for over a year participating in all the big battles. Mr. Stewart was in the big Argoine drive being slightly wounded on the arm. His comrade in arms was Mr. J. B. Dobson, they having bivouaed together on the flowery fields of Flanders. It was but natural that he should act as the groom's man. After his discharge, Mr. Stewart went to Petaluma. Mr. and Mrs. Stewart have the best wishes of their many friends in Redwood City for a long and happy wedded life.

THE SUPERVISORS HOLD MEETING

The board of supervisors met in regular session Monday, February 16 1920, at 10 a. m., there being present Chairman John MacBain, presiding; T. L. Hickey, Wm. H. Brown, Jos. M. Francis and Dr. C. V. Thompson.

This was the day set for the further hearing of the claim of Mrs. Annie McKnight of Menlo Park for the loss of a cow that was killed last December, when, according to the allegations of the owner, employes of the county left a fence open alongside the Southern Pacific right-of-way while hauling rock from Camp Fremont. The matter was laid over until March 1st, owing to the absence of District Attorney Swart who had been confined to his home on account of illness.

The County Social Service Commission, in compliance with the request of the board, submitted a report covering the relief work that has been accomplished by the commission in the county since its organization several years ago. The report was accepted, on motion of Brown, seconded by Francis, and ordered filed for future reference and to submit to the coming convention of the supervisors of the State to be held in San Francisco in the near future.

H. L. Williams of Redwood City addressed a communication to the board in which he stated that he was erecting an abattoir a short distance north of that place and asking that the supervisors pass an ordinance providing for the creation of a meat inspector in the county.

Williams was present at the meeting and addressed the board in the matter, pointing out the importance of such an official, so that the people of the county could be guarded against the sale of infected meat.

Following considerable discussion in the matter as to who should be responsible for the payment of the salary of such an inspector, the board, on motion of Hickey seconded by Thompson, made an order directing the district attorney to draft a suitable ordinance providing for the appointment of an inspector to have charge of the slaughter of cows and all other animals used in the sale of meats in the county.

A communication was received from C. L. Palmer, San Mateo county representative of the San Francisco Examiner, enclosing a copy of a resolution he had prepared and which he asked the board to adopt, calling upon the President of the United States to defer the proposed sale of the German merchant fleet taken in the war, to the International Merchant Marine, or any other corporation or organization, whose ships do not fly the American flag.

In moving for the adoption of the resolution, Supervisor Hickey referred to the conditions just previous to the war when the United States found itself without any ships to carry its men across the waters to France and which condition ,he said, the country should never place itself in again. Supervisor Thompson seconded the motion for the adoption of the resolution and on rol lcall all the supervisors voted "yes."

A communication was received from County Engineer George A. Kneese, reporting that the contract of A. Mattson for the construction of the bridge across New Years creek in the Fifth township ha dbeen completed, according to the plans and specifications and recommending the aceptance of the contract. The report of the engineer was accepted, on motion of Thompson, seconded by Brown, and ordered filed.

George W. Mowwe, of Halfmoon Bay, deputy horticultural inspector for the coastside of the county, addressed a communication to the board asking for the installation of a telephone in his residence to facilitate the work in his territory.

The request of the deputy inspector was granted, on motion of Francis, seconded by Thompson, and Mrs. Nash, the clerk, directed to notify the Pacific Telephone and Telegraph company to make the necessary installation.

Communications from the following architects were received, acknowledging the invitation of the board, through Mrs. Nash, to compete in furnishing the plans for the new county hospital:

A. L. Schmolle, Burlingame; J. R. Miller, Portola, and W. H. Toepke, San Mateo.

Letters from Benjamin Hirschfield and Blackwell and Brown, San Francisco architects, were received, asking that they be permitted to submit plans in the competition. Chairman MacBain directed Mrs. Nash, the clerk, to answer the communications, informing the writers that the competition is to be limited only to San Mateo county architects residing within the county.

County Surveyor George A. Kneese addressed the board and asked that he be officially instructed to complete the maps of the county assessor and that he be allowed an assistant to do the work. The request was granted, on motion of Hickey, seconded by Thompson.

Chairman MacBain informed the board that he had a Kelly steam roller in his district that he no longer needed and for which he had been made an offer of $2750. On motion of Hickey, seconded by Thompson, the supervisor from the Third township, was authorized to sell the above roller at a price not lower than $2750.

"PAY-AS-YOU-ENTER" POLITICS

With the newspapers of Santa Clara county requiring payment for political advertising in advance, when the candidate is full of hope and high expectations, there is a prospect that candidates will not be so numerous for county officers as they are for the United States presidency. With space sold on the "jaw bone" plan for former elections, many a candidate figured he had nothing to lose by annonucing himself in the papers on credit, similarly cheap campaigning on stret corners, and then waiting for the votes. This has been easy for the candidates, but it has been a losing game for the newspapers, since in the nature of elections, the number of defeated candidates always far exceeded the number of winners, thus making the ratio of uncollected bills on the newspapers' hands proportionate.—Palo Alto Times.

TEN WAYS TO KILL THE CHAMBER OF COMMERCE

1. Don't come to the meetings.
2. But if you do come, come late.
3. If the weather doesn't suit you don't think of coming.
4. If you do attend a meeting, find fault with the work of the officers and other members.
5. Never accept an office, as it is easier to criticise than to do things.
6. Nevertheless, get sore if you are not appointed on a committee, but if you are, do not attend the committee meetings.
7. If asked by the chairman to give your opinion regarding some important matter, tell him you have nothing to say. After the meeting tell every one how things ought to be done.
8. Do nothing more than is absolutely necessary, but when other members roll up their sleeves and willingly, unselfishly use their ability to help matters along, howl that the association is run by a clique.
9. Hold back your dues as long as possible, or don't pay at all.
10. Don't bother about getting new members. **"Let George do it!"**

FLETCHER'S RESIGNATION DUE TO "WATCHFUL WAITING"

There is at least the posisbility that the resignation of Henry P. Fletcher from his position of ambassador to Mexico was prompted by unwillingness to be any longer a messenger for the conveyance of notes which do not mean anything from Washington to the Mexican government, and of replies to Washington which likewise are mere words.

It is said to be common gossip in Washington that Mr. Fletcher favored a strong, uncompromising policy toward Mexico, and that he was particularly insistent upon determined action in the Jenkins case, which has been hushed up, like all other cases involving Mexican outrages upon American citizens.

Presumably Mr. Fletcher's successor will be a man who will willingly take orders and not bother the administration at Washington with any opinions that he may have about the upholding of the honor and dignity of the United States, and the protection which is due to American citizens.

MR. WILSON'S STANDPOINTS

The principal reason given by President Wilson and his spokesmen in the senate for opposition to a genuine compromise on reservations to the treaty with Germany is that any except interpretative reservations would require resubmission to the peace conference. Developments and authoritative expressions of opinion across the Atlantic are steadily whittling away this excuse for Mr. Wilson's standpatism until soon nothing of it will remain.

CURRENT COMMENT

The New York World says the Democratic party is "bankrupt." If it is, who busted it but the one leader who has been the whole party ever since he secured control of it, and who has helped him turn the trick more persistently than the New York World? The country has had enough not only of Wilson leadership, but of New York World followership, and does not expect to get out of its troubles by going further down the road along which it has been led by the administration politicians and their court journals, of which the World has been perhaps the most abjectly subservient.—National (Washington) Republican.

The earnest, high-minded, God-fearing men and women throughout the nation who compose the Republican party themselves will decide the party's policy and purpose toward the great movement for the abolition of war and the maintenance of universal peace. Who that reviews the origin, growth and history of the Republican party can doubt what their judgment will be?—Los Angeles (Cal.) Express.

The nominee of the Republican party must be a man who is broad enough to represent the basic thought of the nation, the vision of the mission of the great republic, the duty of America to the backward races ,and a treaty of peace which shall be just alike to Europe and to the United States.—Pendleton, (Oregon) Tribune.

It will be noted at once that he (Lord Grey) puts the American case fairly. He tells his British audience flatly that "no charge of bad faith or of our repudiating signatures can be brought against the action of the United States." He defends the full right of our Senate to refuse to ratify.—Philadelphia (Pa.) Ledger.

Eliminates House-Hold Drudgery

Washing and ironing lose heir disagreeable features when done "Electrically."

The back-breaking scrubbing on the wash-board is entirely eliminated. The clothes are placed in the frothy soap-suds in the washing machine. You start the motor and in fifteen or twenty minutes the clothes are clean.

Next the power-driven wringer will help in the wringing and bluing.

The only thing the Electric Washer will not do is hang the clothes on the line.

When ready to iron, the Electric Ironing Machine will do the flat pieces so easily that you will say it is more fun than work.

Provide for these LABOR-SAVING and MONEY-SAVING devices in your plans or consult a wiring contractor about wiring convenient outlets in your present house.

SAN CARLOS ITEMS

JOHN E. COWGILL, CORRESPONDENT

Mrs. J. J. Mitchell arrived last Wednesday from her home at Canyon City, Colorado, for an extended visit with her parents, Mr. and Mrs. Geo. E. Lind. Mr. Mitchell is expected to follow later when he is granted leave of absence from the medical department of the U. S. navy. Mr. Mitchell is now stationed at the Loss Nemas Naval Hospital in Colorado, where he is chief pharmacist. Previous to the world war Mr. Mitchell had spent five years with the navy in the Orient where his advancement was very rapid as one of the expert pharmacists among the younger men in the navy.

As the hillside property lying between Adolph Paulsen's beautiful home and the Hull ranch is to be placed upon the market this coming spring and summer there will be no more flowers grown in that section of San Carlos by the chinamen. This promises to be one of the most popular home sites in San Carlos.

Several car loads of fertilizer have been shipped here for use at the C. C. Morse company's trial gardens from their big seed ranch at San Juan; which serves to augment the freight receipts at the S. P. station.

Geo. N. Cusick special agent and adjuster for the Geo. H. Tyson companies was here to go into the local situation with their local agent, Jno. E. Gowgill.

We fear that so long as Frederick J. Kosker, former president of the San Francisco Chamber of Commerce is the leading spirit in the organization of the California branch of the United Americans it won't get very far; for any organization which he might be connected with should of necessity carry the $ mark as its emblem.

It is now rumored that Williams and Gutman the wholesale butchers of Redwood City will arrange with the S. P. Co. to construct stock yards at San Carlos to use in the unloading of their beef cattle owing to the stock pens at Redwood City location, making it very inconvenient for them to handle large droves of stock from the Redwood yards to their slaughter house as they are forced to drive them a part of the distance on the congested state highway: while on the other hand they can be taken the entire distance from San Carlos down the old county road. This will be another instance where San Carlos has the advantage over Redwood.

Fred J. Hurlbut who came here from Angels Camp some months ago to assist his father, R. P. Hurlbut, Sr., the contractor and builder in the construction of the McNabb bungalow and the eight room residence of L. A. Conklin on Cypress avenue, returned to Angels Camp to continue his work there.

Austin Lind of Oakland was here to visit the week-end at the home of his nucle, Geo. E. Lind, one of the new residents of San Carlos.

Dame rumor has it, that one of our most active suffragettes is an aspirant for a place on our school board, at the expiration of the term of Mr. Clarence E. Haydock, the present clerk of the board. It is not yet known if Mr. Haydock intends to be a candidate to succeed himself; but should he be, there is every evidence that he will be re-elected regardless of the popularity of his fair opponent, as Mr. Haydock has proven himself a very active and entergetic official in the many years he has served as trustee both during the time we were consolidated with Belmont and since the establishment of the new San Carlos district, and Mr. Haydock had more to do with the establishment of a school in San Carlos, than any other one person, and it would be merely an expression of the peoples' gratitude to re-elect him should he decide to continue in office.

Mrs. Warren Grube of East Oakland with her grandson, Master Jack and his mamma, Mrs. Virgil J. Cooley, are here to visit Mrs. Geo. E. Lind sister of Mrs. Grube. It is only recently that Mrs. Lind's daughter, Mrs. J. J. Mitchell arrived from Colorado with Master Jimmie Mitchell and as Mrs. Mitchell had been absent for about two years this was the first oportunity the two grandmas had had to get the grandosns together to make comparisons, and as they have but one each it was a very important event to them as all grandmas will appreciate. Mrs. Cooley is the wife of Sergeant V. J. Cooley of the Oakland police force who has made such a splendid record and who only recently planned and so sucessfully carried out the raid on the Chinese gambling dens of that city. Sergeant Cooley is very popular with the moral element of Oakland and his name is quite frequently mentioned for the office of chief of police.

At a special meeting of the street committee held at the school house last Tuesday evening it was decided to delay instructions to their attorney Franklin K. Swart to go ahead with preparations of the papers for the improvement district for sidewalk and street construction until a sub-committee could meet with the directors of the Mercantile Trust company and have a more thorough understanding as to what the San Carlos residents and property owners could expect from the trust company in the way of assistance and co-operation upon this big proposition and an expenditure of about $300,000. Dranzy A. Jones, Thos. Plowman, A. M. Planka, Fred H. Drake and Geo. F. Walker, chairman of the street committee, along with Jno. E. Cowgill, president of the San Carlos club were the gentlemen delegated to interview the trust officials.

Dear Denny:

As you have said the word old friend,
Another line to you I'll send,
About the friends we used to know
In those good days of long ago.

We'll go back forty years at least,
When Father Bowman was the parish priest.
He was a man you always liked to see,
Kindly and good and free from bigotry.

I never heard him preach or pray;
But I have seen him day by day
Doing good deeds for those he chanced to meet
As he would go about the village street.

I wasn't of his faith you understand,
But as a boy he'd take me by the hand
And tell me stories that I loved to hear
About some simple things both far and near.

They say that never was the storm so drear
But he would go and give his word of cheer.
And when the sick would see his kindly face
They knew a friend was surely in that place.

Long since he went to his reward,
And heard the "Well done" of his Lord.
And so his simple story's told,
This faithful shepherd of his fold.

Carrying a Ton a Mile for less than a Cent

Freight rates have played a very small part in the rising cost of living.

Other causes—the waste of war, under-production, credit inflation—have added *dollars* to the cost of the necessities of life, while freight charges have added only *cents.*

The average charge for hauling a ton of freight a mile is less than a cent.

A suit of clothing that sold for $30 before the war was carried 2,265 miles by rail from Chicago to Los Angeles for 16½ cents.

Now the freight charge is 22 cents and the suit sells for $50.

The cost of the suit has increased *20 dollars.*

The freight on it has increased only 5½ *cents.*

Other transportation charges enter into the cost of the finished article—carrying the wool to the mills and the cloth to the tailors—but these other charges amount to but a few cents more.

The $10 pair of shoes that used to sell for $5 goes from the New England factory to the Florida dealer for a freight charge of 5⅔ cents—only one cent more than the pre-war rate.

Beef pays only two-thirds of a cent a pound freight from Chicago to New York.

American freight rates are the lowest in the world.

MENLO PARK NEWS OF ALL SORTS

Doings at Peninsula Garden Spot As Told in Breezy Style By Our Reporters

MAKE IT "IS" NOT "WAS"

The razing of the last of the structures from Camp Fremont should cause the boosters of the Menlo Park vicinity to stir themselves. Otherwise the comment of passersby will be "This is where the camp was." Glory which is always related in the past tense is not the best kind from the community building standpoint. There are enough possibilities at Menlo Park to furnish subjects for present tense comments. For instance, it may be said of Menlo Park, "This is a place noted for its beautiful country homes; noted for its floriculture; noted for its private schools," etc. It will take considerable of the exercise of the publicity spirit to make them the rival of Menlo Park's historical fame as a military camp. But it can be done.—Palo Alto Times.

Charles P. Cooley of Palo Alto has announced his candidacy for the position of supervisor of the Fifth township of Santa Clara county which township includes the College City. Mr. Cooley made the campaign four years ago and came within a few votes of winning. It is the general belief that he will win the goal this year. Mr. Cooley is a former San Mateo county man and his friends hope he will succeed.

This week A. T. Nielson, of the Altamont creamery of Palo Alto, has just completed a $50,000 deal whereby he takes over the A. Medeiros ranch of 427 acres of land, known as the Nash farm adjoining the Remount station on the Bay road with 293 head of milch cows and he also secures a nine-year lease on the land. Mr. Nielsen intends to erect a modern barn on the property capable of housing 200 cows.

Miss Lillian Rose Feeley, youngest daughter of Mr. and Mrs. William Feeley, of this place, was united in marriage at Modesto last Saturday to Eugene Black, Father Smith officiating. Mr. Black is engaged in the garage business at that place. The marriage is the happy culmination of a romance that had its inception at Camp Fremont when the cantonment was established here. Mr. Black was a member of the Eighth Division and met his future wife here. Mrs. Black left here four months ago for Los Angeles to become a movie actress. The young lady was meeting with wonderful success in the south when she decided to marry the man of her choice. Mrs. Black has much native talent as an actress. For some years she has appeared in all local amateur plays, always making a hit with her audience. Her sister, Mrs. Harry Bush, who also has talent as an actress, was here from Los Angeles this week visiting her parents. Mr. Bush is engaged in the photograph business.

Mrs. P. H. McEvoy is quite ill at her home on Railroad avenue. Yesterday she was resting easy and now serious complications are expected by the attending physician.

Robert Reed is about to erect a dwelling on his five acres bought by him some time ago from Mr. Kehrlein near the Moses Heller property at Atherton. Mr. Reed is a brother of Architect Reed with offices in the First National Bank building in San Francisco.

Miss Catherine Nash was the hostess of a large number of young people at the home of her sister, Mrs. Joseph Nash on the Willow road last Saturday evening. Dancing and card playing was enjoyed until a late hour. Those present were: Mary Hickey, Charles McGucken, Helen Wright, Johnnie McSwart, Emily Andrews, Gladys Patrick, Alice Wilson, Gertrude Kavanaugh, Catherine Nash, E. Derry, J. Clothier.

Dr. Whitewolf, who is interested in silver mines in the Hannapah district, Nevada, gave an interesting lecture in Trinity hall Wednesday evening of last week. His films showing the mines and towns of Nevada were enjoyed by a big audience The doctor traced the mining industry in that section from the days of the prospector and his donkey to the days of big machinery used in the mines.

Archbishop Redwood if New Zeland, was a visitor at St. Patrick's Seminary during the week. Archbishop Rey of Tokio was also a visitor at the institution. The noted prelates are on their way to Rome but before crossing the Atlantic will spend considerable time in the United States. The archbishops were well pleased with Menlo Park and invironments.

All work at Camp Fremont has been stopped. It was said yesterday that the remaining warehouses and buildings have been bought by Mr. Marvin, the owner of the property on which they are located.

E. Enten, who is engaged in poultry raising on property recently purchased by him near the J. J. Murray place at Stanford Park, received by express yesterday 5000 baby chickens from Petaluma. Mr. Enten is president of the San Francisco Berlap company.

CAVALLI BROTHERS STORE AT LA HONDA WAS SOLD THIS WEEK

R. E. Woodhams, owner of the scenic Stage that runs from Redwood City to Pescadero and his son, A. F. Wodhams, and brother-in-law, E. D. Bartley, on Wednesday purchased Cavalli Brother's store and general merchandise business at La Honda which they have conducted for the past fifteen years. They purchased it from Bloomquist Brothers. The new owners will conduct the business in connection with the stage line and freight business. They contemplate many improvements.

Cavalli Brothers contemplate the erection of a $15,000 hotel on the property now known as Bonzagni Lodge on which there is a small hotel building. They intend to lease the proposed caravansary. They own 21 acres of land adjoining.

An interesting point in connection with the transfer is that R. E. Woodhams and his son were born and reared on the ranch across the road from the store and his grandfather, the late Joseph Woodhams, at one time owned several sections of land, including the sites of the Sears hotel and Cavalli store at La Honda.

J. J. BULLOCK ARGUED BEFORE THE APPELLATE COURT IN SAN FRANCISCO

Attorney J. J. Bullock argued the case of the People against William Raney in the appellate court in San Francisco on Monday and the accused will know his fate in about 30 days.

Some months ago Raney was found guilty of murder in the first degree by a jury in the superior court, the jury fixing the penalty at life imprisonment. Being denied a new trial by the lower court an appeal was taken to the higher tribunal.

On May 29 last Raney and a man known as Red Christenson hired Albert Reidinger's taxi at San Francisco and were driven to Coppa's place near Colma. There Reidinger was struck over the head and robbed. He died next day. Christensen made good his escape but Raney was caught and brought to Redwood City for trial. He has been at San Quentin ever since his conviction. He made a confession at the time of his arrest. This confession was used against him at the trial and it is on this point that a reversal of the lower court is expected as the defendant's attorney contends that it should not be introduced at the trial.

ANOTHER BURGLARY WAS COMMITTED THIS WEEK

A safe containing $369.41 in cash and currency was removed from the Sequoia theatre Sunday night last. The safe was afterwards found beyond the plant of the West Shore Salt company.

The safe had been broken open and all that was left of the money was a few pennies. The safe was carried to its destination in an automobile secured at the San Carlos creamery.

The officers have run down every clue but nothing tangible has been discovered to warrant an arrest. Late last evening the officers secured a clue that may end in the arrest of four Redwood young men. Up until a late hour last night no arrests were made.

Wanted—A middle-aged woman to do housework mornings or afternoons, mornings preferrable, apply at this office.

DAMAGE SUIT AGAINST NATALIE HANSEN WAS DISMISSED WEDNESDAY

The two damage suits brought against Natalie Hansen by John Isola and his stepdaughter, Grace Iverson, were dismissed in the superior court on Wednesday. The notices of dismissal were filed in the county clerk's office that day. On June 30, 1918, Miss Hansen was coming down the grade near La Honda when she collided with Isola and his family. Miss Iverson was injured seriously. Both Miss Iverson and her stepfather against Miss Hansen, the former for $10,200 and Isola for $9,890.50. Miss Hansen disclaimed any responsibility for the accident.

On December 30, last, Miss Iverson was awarded damages in the sum of $2000 by a jury in the superior court. Isola's case was soon to be tried. Both cases were settled out of court during the week. It is said the defendants received the sum of $350 to dismiss the cases.

MRS. LILLIAN H. KNIGHT PASSED AWAY TUESDAY AT HER WOODSIDE HOME

In the death of Mrs. Lillian H. Knight, the devoted wife of Walter Knight of Woodside, who passed away at her home in Woodside Tuesday afternoon last, one who was deeply mourned by her family and numerous friends. Her death followed an extended period of illness largely incident to a general break-down.

She was born in this county 62 years ago, her family being prominent on the coastside of the county in pioneer days.

Possessed of a beautiful, refined character, deeply pious, kind, patient and self-sacrificing, she was greatly beloved by her family and all who had the happiness of knowing her.

Mrs. Knight married her husband twelve years ago and for that length of time resided in Woodside where she had many friends who loved her for her sweet womanly ways.

Besides her grieve-stricken husband, she is survived by three brothers and one sister, H. S., A. C. and C. C. Henion and Mrs. Mary Simmons of Oakland.

The funeral took place on Thursday afternoon from the family residence. Interment was in Woodlawn cemetery, Colma. Mr. Knight has the sympathy of the community in his sad bereavement.

Mrs. Knight was prominent in educational circles in San Mateo county, having taught school at La Honda, Woodside, and San Mateo districts before her marriage to Walter Knight

How We Save You Money

Second of a series explaining methods we are using to keep PRICES in HARMONY with VALUE

PRICES

There is a problem of PRESENT vs. FUTURE prices.
The shoes we are now selling, were ordered some months ago. At that time, prices, to us, were 30 per cent lower than present cost.

Instead of adding this 30 per cent to our old stock, WE GIVE YOU the BENEFIT of our fortunate purchase, and we will not raise our prices until we are forced to ACTUALY pay more for the ACTUAL stock being sold.
